

Home Remodeler Review – Rieck Construction

Rieck Construction made our bar addition a fun and easy experience. Michael had great ideas and was very cooperative when we changed our minds (which we did several times!) on some of the major structural details of the project. We told him what changes we wanted, and he quickly figured out a solution for the elegant design we were seeking. We were most impressed with the quality of the work, and how quickly things got done. I don't think there was ever a day that we didn't have someone in our house doing what needed to be done, from start to finish. And, all improvements were done even before the anticipated completion date!
